

Take A Breath

A Breath Away Spa Center ~ 2700 Niagara Falls Boulevard ~ Tonawanda, NY

June 2010

As the owner of *A breath away*, I wanted to write to thank all our faithful clients that have been with us for years and helped us grow, as well as all our new clients and friends. I appreciate your support and your encouragement through our healing center transformation. If you know me or the outstanding staff I am surrounded by, you understand the drive and excitement to fully change to a holistic center. I/we have seen great benefits over the years from holistic treatments and want to continue with this growth. Thank you for all of your understanding and keep watching for future information on our grand reopening.

If nothing changed,
there would be no
butterflies.

The Time Has Come!

June is here already. It feels like just the other day when we decided to change location and finish our transformation from a day spa to a true healing center, but we are now at just two weeks and counting. We are trying to make this transition as smooth as possible, with little to no interruption in our services. Our last day in our current location will be Saturday, June 12th. We will be closed only that Sunday and Monday, and our new location will open during our regular business hours on Tuesday, June 15th. The new location will be right around the corner from where we are currently situated. We will be in the West Amherst Office Park at:

**636 N. French Rd Suite 6
Amherst, NY 14228**

Please remember that our phone number, **716-694-6081**, will not change.

As we will be focusing entirely on health and wellness services, we will no longer be offering any of our nail or skin care services. If you have a gift certificate for any manicures, pedicures, facials, etc. please note that we will still be happy to honor all gift certificates at their appropriate dollar value towards any of the services that we do

offer. To any clients who truly loved our nail and skin services, we apologize for any inconvenience this may cause. We do, however, hope that you will continue to visit us since the wellness services we offer will only keep getting better. We are very excited to be able to sharpen our focus on the things that we find truly beneficial and hope that, as we grow, you will grow with us. If you have never tried our massage, reflexology, or reiki services we strongly encourage you to stop back in and see why they have been our most popular treatments for as long as we have been open. We are truly thrilled to be on the cusp of this metamorphosis and want all of our friends to join us at the all-new *A breath away healing center*. We hope to see you soon!
